Dear Secretary Chalk,

I am writing to express my opposition to the proposed change in the Seabrook Emergency Planning Zone.

We have seen, at Three Mile Island and Chernobyl that nuclear accidents can and do happen. To reduce the zone from a 10-mile to 1 mile because of the small chance of accident is not at all realistic. To do so would endanger the lives and safety of many people.

I feel this change would be unfair, unwise and immoral.

Thank you for your consideration,

Ann Robb
