RE: Collins Draw Plant Site

Dear Mr. Aho:

I have reviewed your letter of March 7, 1988 which was addressed to Mr. Konwinski of the NRC and which concerns the disposal of water from the washing and decontamination of the plant building at Collins Draw.

The Water Quality Division has no objection to the disposal of the wash water into the spill containment sump pond provided there is no discharge out of the pond.

Sincerely,

John F. Wagner
Technical Support Supervisor
Water Quality Division
