

LRL:FWK  
Docket No. 30-29

JUL 14 1960

THIS DOCUMENT CONTAINS  
POOR QUALITY PAGES

Mr. Shelby T. Grey, Director  
Bureau of Program Planning and Appraisal  
Department of Health, Education, and Welfare  
Food and Drug Administration  
Washington 25, D. C.

Dear Mr. Grey:

The Atomic Energy Commission has issued Interim Facility License No. DPR-3 which authorizes Yankee Atomic Electric Company to operate its reactor located at Rowe, Massachusetts, at power levels not in excess of 3 MW thermal, solely for the purposes of initial core loading, initial criticality, and low power tests. The license was issued pursuant to the decision issued by the Presiding Officer July 9, 1960.

DISTRIBUTION

Doc. Rm.  
Formal
