Mr. Robert E. Alexander, Chief  
Radiation Protection & Health  
Effects Branch  
Division of Regulatory Applications  
Office of Nuclear Regulatory Research  
U. S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Alexander:

Please find enclosed a copy of NCRP'S document entitled Recommendations On Limits of Exposure To "Hot Particles" On the Skin. You may consider the recommendations contained therein to be firm and they may be used and quoted as appropriate. There, of course, may be additional word changes in the supporting portions of the document as it proceeds through the various printing steps, but again, the recommendations are firm. Additionally, this document is provided to fulfill the requirements of Task 5 of contract No. NRC-04-85-118.

It is expected that this document will be printed as NCRP Report No. 101 and that it will be available from NCRP Publications in approximately 3-4 months.

If you have any questions regarding this document, please call on me.

Sincerely yours,

*W. Roger Ney*  
W. Roger Ney
