RELEASE OF PROPRIETARY INFORMATION

Gentlemen:

On January 29, 1988, Georgia Power Company (GPC) submitted an application for temporary exemption from compliance with 10 CFR 50.46 by our letter SL-4065. Enclosure 1 to that letter was a Westinghouse Electric Corporation "Sensitivity Study and Safety Evaluation" which was marked as Westinghouse proprietary class 2 information. After discussion with Westinghouse representatives, it has been determined that the subject information can be regarded as non-proprietary and released to the public document room.

Should you have questions regarding this reclassification, please contact this office.

Sincerely,

L. T. Guwa
