Cooper Nuclear Station
NRC Docket No. 50-298, DPR-46

Dear Mr. Ziemann:

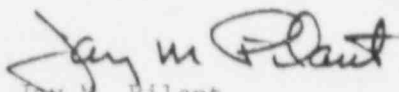

The Nebraska Public Power District submitted, on February 14, 1977, an evaluation of Cooper Nuclear Station which was intended to demonstrate our conformance to Appendix I of 10 CFR Part 50. During the Regulatory staff review of our evaluation, several questions were raised regarding the meteorological data. These questions were transmitted to the District by your letter dated March 24, 1977.

This report provides the additional information requested in your letter of March 24, 1977. We would like to apologize for not supplying this information in the requested time frame, however, a significant effort was required which necessitated the additional time.

Should you have any questions or require additional information regarding this submittal, please contact me.

In addition to three signed originals, 37 copies of this information are submitted for your review.

Sincerely yours,

Jay M. Pilant
Director of Licensing and
Quality Assurance
