Re: Renewal License  
#34-16429-02

Gentlemen:

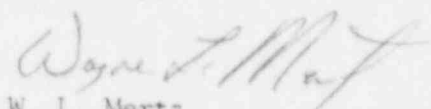

November 4, 1986

Enclosed is appropriate NRC Form 313 and License fee to renew our License number 34-16429-02.

On 6-1-86 we requested a complete amendment to our license which was granted by you on 7-1-86. At the time of our request we mentioned our license was coming up for renewal but was informed that when the renewal was requested all we had to do was complete sections 1, 2, 3, 4 and 12 on your form 313 and not worry about the other sections since it was just completed in June 1986. We trust this still holds true.

Should you have any questions, please advise.

Sincerely,

  
W. L. Mertz  
Safety Administrator
