

April 14, 1988

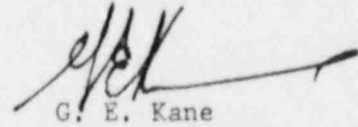

U. S. Nuclear Regulatory Commission
Attention: Document Control Desk
Washington, D.C. 20555

Serial No. N-88-011
NO/JHL
Docket No. 50-338
License No. NPF-4

Dear Sirs:

Two Licensee Event Reports (LERs) for North Anna Power Station Unit 1 were submitted with the same LER number. One of these LERs concerns a radiation monitor and was submitted on January 21, 1988. The report number for this LER should remain LER-N1-88-003-00. The LER concerning the personnel air lock was submitted on March 15, 1988. This LER should have the report number changed to LER-N1-88-017-00.

Very Truly yours,

G. E. Kane
Station Manager
