Gentlemen:

Per Reference 2, Omaha Public Power District (OPPD) submitted an "Application for Amendment of Operating License" relating to Section 5 of the Technical Specifications. Specifically, this proposed amendment reflected forthcoming changes in the organizational structure at OPPD. This letter amends the previous amendment request to include the renaming of two divisions at OPPD. The Nuclear Production Division will be renamed the Nuclear Operations Division and the Quality Assurance Division will be renamed the Quality and Environmental Affairs Division. These changes should be made where appropriate in the enclosure to Reference 2. A revision to Figure 5-1 is attached.

If you have any questions, please feel free to contact us.

Sincerely,

R. L. Andrews
Division Manager
