Re: Application XSNM-2187, Amendment No. 5

Dear Mr. Rooney,

With reference to your letter dated July 7, 1988, regarding an application from Transnuclear Inc. for a license to export certain nuclear material to Sweden, I have the pleasure to inform you as follows.

The transfer of the material, as identified on the license application, will be subject to all of the terms and conditions of the Agreement of Cooperation which entered into force on April 11, 1984, as amended, concerning the civil use of atomic energy.

The intermediate consignee, as identified in the application, is authorized to receive and possess the material concerned.

I would appreciate receiving a copy of the export license upon approval.

Sincerely,

Lars Vargö
