Noel F. Savignac
Manager, Environmental Services
United Nuclear Corp.
Mining & Milling Division
P.O. Box 3951
Albuquerque, NM 87110

Dear Dr. Savignac:

This replies to your letter of May 2, 1977 requesting permission to operate your ion exchange facility being built at Church Rock on a test basis pending amendment of your Church Rock Uranium Mill Radioactive Materials License.

Permission is granted until June 10, 1977.

Sincerely,

Alphonso A. Topp, Jr.
Environmental Scientist III

AAT:feb

- This form is to be completed and forwarded to the State Eng. Office upon EPA approval of the UNCR guard dam.
