Office of Adm.
Washington, D.C.

Dear Ms. Robinson,

I refer you to request number 88-84, with the branch contact listed as Nina Toms. I would like to re-scope my request to pertain to Boston Edison only, that is as owners of Pilgrim 1 Power Station. I wish for all the same materials I previously requested, but limited to material directly pertaining to the plant.

If you question any specific documents please ask me and I'll decide if I need them, but I really only need Edison documents.

Sincerely,

Janice Nickerson
