Gentlemen:

SUBJECT: DOCKET NOS. 50-325 AND 50-324 - BRUNSWICK STEAM ELECTRIC PLANT
RADIOLOGICAL EMERGENCY PLAN REVIEW

We have completed our review of Revision 20 of the Brunswick Radiological
Emergency Plan.

Our review indicated that your Brunswick Radiological Emergency Plan continues to
meet the planning standards of 10 CFR 50.47(b) and the requirements of Appendix E
to 10 CFR Part 50.

Please be reminded that 10 CFR 50.54(q) requires NRC approval of any changes to
your Plan which may decrease the effectiveness of the Plan. However, if your
safety review indicates no decrease in the level of emergency preparedness, then
changes can be made without NRC approval. In all cases, you should furnish
copies of each proposed change to the NRC in accordance with 10 CFR 50.54(q).
Also, any changes to the Emergency Plan Implementing Procedures should be made in
accordance with the requirements of 10 CFR Part 50, Appendix E, Section V.

Should you have any question regarding this letter, please contact Mr. T. Decker
of our staff at 404/331-2600.

Sincerely,

David M. Verrelli, Chief
Reactor Projects Branch 1
Division of Reactor Projects
