Dear Dr. Powers:

Attached are copies of the Inspector General reports you requested concerning Air Force compliance with radioactive materials handling requirements. These reports are completed Air Force Forms 283 with implication codes GAA-GAE for inspections conducted at Kelly AFB during 12-17 Jun 88.

Please note that the information in these reports is privileged, not releasable further, in whole or in part, outside the Air Force without the express approval of the Secretary of the Air Force or his designated authority. You and your staff are granted access to these reports to satisfy your oversight responsibility for the radioactive material control programs and to assure you the Air Force is discharging its responsibilities under NRC License No. 42-23539-01AF. We will appreciate your safeguarding these reports from further release.

Sincerely,

  
DONALD A. RIGG  
Major General, USAF  
Deputy Inspector General
