

U.S. NUCLEAR REGULATORY COMMISSION  
DUQUESNE LIGHT COMPANY, TOLEDO EDISON COMPANY,  
OHIO EDISON COMPANY AND CLEVELAND ELECTRIC ILLUMINATING COMPANY  
DOCKET NO. 50-412A  
NOTICE OF RECEIPT OF ANTITRUST INFORMATION

The Duquesne Light Company acting on its own behalf and as agent for the captioned companies, has submitted additional antitrust information in conjunction with the application for an operating license for a pressurized water reactor known as Beaver Valley, Unit 2, located approximately twenty-two miles northwest of Pittsburgh, Pennsylvania on the southern shore of the Ohio River in Beaver County, Pennsylvania. The data submitted contain antitrust information for review pursuant to NRC Regulatory Guide 9.3 necessary to determine whether there have been any significant changes since the completion of the antitrust review at the construction permit stage. (These data represent an updated response from the applicants' original 9.3 data submission that was noticed in the Federal Register on October 14, 1983--Vol. 48, No. 200, pg. 46905.)

On completion of a staff antitrust review, the Director of the Office of Nuclear Reactor Regulation will issue an initial finding as to whether there have been "significant changes" under Section 105c(2) of the Atomic Energy Act. A copy of this finding will be published in the Federal Register and will be sent to the Washington, DC and local public document rooms and to those persons providing comments or information in response to this notice. If the initial finding concludes that there have not been any significant changes, requests for reevaluation may be submitted for a period of 30 days after the date of the Federal Register notice. The results of any reevaluation that are requested will be published in the Federal Register and copies sent to the Washington, DC and local public document rooms.

A copy of the general information portion of the application for an operating license and the antitrust information submitted is available for public examination and copying for a fee at the Commission's Public Document Room, 1717 H Street, N.W., Washington, DC 20555, and at the local public document room at the B.F. Jones Memorial Library, 663 Franklin Avenue, Aliquippa, Pennsylvania 15001.

Any person who desires additional information regarding the matter covered in this notice or who wishes to have views considered with respect to significant changes related to antitrust matters which have occurred in the applicants' activities since the construction permit antitrust review should submit such requests for information or views to the U.S. Nuclear Regulatory Commission, Washington, DC 20555, Attention: Director, Planning & Program Analysis Staff, Office of Nuclear Reactor Regulation.
