Dear Mr. Adams:

The purpose of this letter is to advise you that GA Technologies Inc. has changed its company name to General Atomics. This is a change in name only. The new name is more descriptively reflective of the company's involvement in atomic technologies, including fusion energy, nuclear reactors and reactor fuel, microengineering of advanced materials, applications of directed energy research and defense activities.

If you have any questions regarding this change, please contact me at (619) 455-2823.

Very truly yours,

*Keith E. Asmussen*
