MEMORANDUM TO:

Karen D. Cyr
General Counsel

FROM:

John C. Hoyle
John C. Hoyle, Secretary

SUBJECT:

STAFF REQUIREMENTS - SECY-98-197 - PROPOSED RULE --
REVISION TO PART 2 ESTABLISHING SUBPART M TO
GOVERN REQUESTS FOR LICENSE TRANSFER APPROVAL
AND ASSOCIATED REQUESTS FOR HEARINGS

The Commission has approved publication of the proposed rule to establish Subpart M to 10 CFR Part 2 to govern the procedures used for license transfer approval and associated requests for hearings.

The Office of the General Counsel should incorporate the changes noted in the attachment and publish the proposed rule in the Federal Register for a 30-day comment period.

The staff should seek legislation that supports the NRC's reading of section 189a of the Atomic Energy Act to reflect the reading that formal adjudications are not required. Further, with the anticipated application from USEC for the AVLIS uranium enrichment process expected early next year, the NRC should consider seeking legislation that would modify section 193's inflexible approach to hearings.

The staff should review and advise the Commission on the legislative and rulemaking options that would further enhance the Commission's ability to utilize informal procedures in any proceeding in which formalized trial-type procedures are currently used.
