Office of Nuclear Material Safety and Safeguards
U. S. Nuclear Regulation Commission
Washington, D. C. 20555

Gentlemen:

H. & H. X-Ray Services, Inc. respectfully submits the enclosed application for a Nuclear Regulatory Commission License for the possession and use of sealed sources and devices for the performance of industrial radiography.

H. & H. X-Ray Services, Inc. is presently performing industrial radiography using sealed sources under License # La-2970-L01 as issued by the Louisiana Division of Radiation Control. Many of our customers have requested that we expand our services outside the boundaries of Louisiana so that we may perform the necessary inspection of pipelines to be constructed by the major oil companies in the coming years.

Your immediate attention to this request will be greatly appreciated.

Sincerely,

H. & H. X-Ray Services, Inc.

K. Y. Head
