Dear Radiation Safety Officer:

This is in reference to your License No. 52-19021-01 with the U.S. Nuclear Regulatory Commission (NRC). During an internal review of our records for Fiscal Years (FY) 1991 through 1998, it was found that your license was among those identified that had years for which no annual fee had been collected. We regret to inform you that the annual fee invoice for each outstanding FY is enclosed and is due and payable.

As described in 10 CFR 171, annual fees are assessed based on whether a licensee holds a valid NRC license that authorizes possession and use of radioactive material. Our records indicate that License No. 52-19021-01 should be assessed an annual fee for FY 1997.

We apologize and deeply regret the inconvenience this matter may have caused you. If you have any questions on this matter, please contact Ms. Sandra Kimberley at (301) 415-6096. If you would like to establish a payment plan, please contact Ms. Leah Tremper at (301) 415-7347.

Sincerely,

Beverly S. Jones, Chief
