SUBJECT: REVIEW OF PROPOSED AMENDMENT TO TRANSPORTATION
REGULATIONS - 10 CFR PART 71

This is in response to your memorandum dated September 4, 1987, requesting comment on the above subject.

Generally federal guidance such as that defined in Federal Guidance on Occupational Radiation Control, has been issued with a reasonable implementation period. We suggest that agreement be reached with EPA that NRC licensees should follow NRC criteria until the new 10 CFR Part 20 is implemented.
