Mr. Harry J. Pettengill
 U. S. Nuclear Regulatory Commission
 Region IV
 Uranium Recovery Field Office
 P. O. Box 25325
 Denver, Colorado 80225

Dear Mr. Pettengill:

Pursuant to letters of January 20 and February 11, 1988 from Landmark Reclamation, Inc. (Landmark), requesting an amendment to Source Materials License No. SUA 1358 to allow processing at the White Mesa Mill of uranium-bearing material obtained from a site in the state of New Jersey, this notifies the Nuclear Regulatory Commission that Landmark would like to withdraw its request for the license amendment. The processing of these wastes at the White Mesa Mill is no longer a viable option for our company or the partners in the White Mesa Mill and no further processing of this amendment request is necessary at this time.

If you have any additional questions on our notification for withdrawal of this amendment request, please feel free to call.

Very truly yours,

Harold R. Roberts
