Dear Ms. Riedlinger,

D/N 030-059:3

This is to inform you that our license 36-01142-02 needs to be amended to reflect the disposal of 6 uCi of Sr 90. Whereas we had 3 survey meters with internal calibration sources of Sr 90, one of these meters containing a 3 uCi source of Sr 90 was shipped to Hanford, WA for burial, and a second meter, also containing a 3 uCi Sr 90 source has disappeared, apparently stolen. This leaves us with one 10 uCi Sr 90 source, and the plated Pu 239 calibration sources. Please correct our license to reflect with information.

Thank you for your assistance in the renewal of this license.
