Dear Ms. Adensam:

RADIOLOGICAL EMERGENCY RESPONSE TRAINING
HOPE CREEK GENERATING STATION
DOCKET NO. 50-354

Pursuant to the Emergency Preparedness meeting of February 19, 1986, held at the Hope Creek Generating Station between Mr. D.J. Perrotti and Mr. D. Vito and Public Service Electric and Gas Company, the Hope Creek Generating Station emergency response training program will be accomplished as follows.

Training of personnel assigned to key emergency response management positions will be complete and include the prime personnel and two (2) alternates for each of these positions prior to fuel load.

Prior to exceeding 5 percent power operation, sufficient personnel will be trained to staff all required emergency response positions on a continuing basis as required for actual emergency response.

PSE&G will inform the NRC monthly of progress towards completing emergency response training of personnel.

Sincerely,
