Dear Admiral Granuzzo:

This letter is to advise you that Mr. Michael L. Fuller has been assigned as the Project Manager for the Department of the Navy's Master Materials License of Broad Scope. The effective date is October 1, 1998. We are making the change from Mr. Henson to Mr. Fuller in order to rotate the project management function approximately every two to three years. It is important to maintain continuity in the project management function. Consequently, Mr. Fuller and Mr. Henson will be working together to ensure a smooth transition during the next several weeks.

Mr. Fuller has been a member of the Region II staff for several years and has significant experience in both licensing and inspecting the use of radioactive materials. Mr. Fuller may be contacted at (404) 562-4714.

If you have any questions, please contact me.

Sincerely,
