Dear Ms. Riedlinger:

We have recently transferred our sealed source gauges under license number 04-16990-01 to the manufacturer (Campbell Pacific Nuclear). We now wish to terminate our license, which is due to expire September 30, 1986. Form NRC 314 has been completed as required and is attached. While the license authorized the possession of Troxler gauges, we never procured or had possession of those type of gauges.

If you have any questions regarding our request to cancel our license, please contact Gordon Lyford at FTS 460-5062.

Sincerely,

James M. Moore
ACTING ASSISTANT REGIONAL DIRECTOR
