Attention: Dr. Paul Bragdon, President

Subject: Transmittal of Operator License Certificates

Dear Dr. Bragdon:

The Nuclear Regulatory Commission considers licensed Reactor Operators and Senior Reactor Operators to be a vital factor in the protection of the health and safety of the public. They are also, of course, a vital factor in preventing damage to your facilities.

In recognition of the important role licensed operators fulfill in protecting the public, the Commission has directed that a certificate suitable for framing be issued to each such operator. In response to this Commission direction, it is my pleasure to forward to you for presentation, certificates for Matthew P. Blackwell, Jeffrey P. Bradford, Brian F. Bunce, Sarah E. Herbelin, Jack F. Higginbotham, Chloe P. Lewis and Lawrence Ruby.

It is noted that only one Reactor Operator or Senior Reactor Operator certificate will be issued to an individual. It is also noted that the certificate is a recognition of achievement, not a license. Accordingly, present requirements relating to issuance and renewal of licenses remain unchanged, and the actual license or renewal authority will be issued as a letter.

The Chairman, Dr. Murley and Mr. Martin request that you offer their personal congratulations to each of the recipients of these certificates.

If you have any questions, please contact Robert Pate at (415) 943-3868.

151 A. Chaffee

Dennis F. Kirsch, Director
Division of Reactor Safety and Projects
