Mr. Vandy L. Miller  
Chief Material Licensing Branch  
United States Nuclear Regulatory Commission  
Washington, D.C. 20555

Re: Renewal of Byproduct Material Licenses  
04-19004-2E and 04-19004-1  
Cur Ref: 501T 016

Dear Mr. Miller:

The Byproduct Material Licenses of Citizen Watch Company USA, of Osage Avenue, Los Angeles, California 90064 to distribute timepieces, hands and dials to which Nemoto Tokushu Kagaku Company, Ltd. promethium-147 activated luminous paint has been applied to persons exempt from the requirements for a license pursuant to Section 30.15, 10 CFR Part 30 and of 1200 Wall Street, Lyndhurst, New Jersey 07071 to store and distribute timepieces, hands and dials to which promethium-147 activated luminous paint has been applied will expire on January 31, 1985.

Accordingly, Citizen Watch Company USA hereby requests that its licenses be renewed for a new license period. This request is based upon the fact that all of the facts and representations upon which the licenses, as amended, were granted are still the same. In particular, the timepieces, hands and dials with the promethium-147 are made in Japan, the brand of luminous paint utilized is still the same, all procedures are being followed and all required records are being kept.

As the fee for this renewal, enclosed herewith is a check in the sum of \$700.00. In addition, please direct all future communications on these licenses to William L. Androlia, 1880 Century Park East, Suite 519, Los Angeles, California 90067.

Respectfully,

*Gene Kelton*  
Gene Kelton
