

APR 26 1988

Docket No. 50-87

MEMORANDUM FOR: Wayne D. Shafer, Chief
Emergency Preparedness and Radiological
Protection Branch
Region III

FROM: Theodore S. Michaels, Project Manager
Standardization and Non-Power
Reactor Project Directorate
Division of Reactor Projects III,
IV, V and Special Projects

SUBJECT: REQUEST FOR REGION III LICENSE TERMINATION SURVEY
OF THE WESTINGHOUSE NUCLEAR TRAINING REACTOR FINAL
REPORT ON DECOMMISSIONING

Enclosed is the Westinghouse report entitled "Westinghouse Nuclear Training Reactor Decommissioning Final Report." Also enclosed is the dismantlement and disposition order (53-FR-3646).

We request that Region III conduct the necessary "termination survey" to verify that residual radioactivity and contamination levels comply with Table I of the Reg Guide 1.86 and the exposure limit of 5 Micro R/hr above background at one meter.

Please inform me of your findings as soon as possible to facilitate termination of License R-119.
