Gentlemen:

Thank you for your letter of July 25, 1988, in response to our letter and Notice of Violation dated June 23, 1988. We have reviewed your reply and your updated training administrative procedure. We find the corrective actions responsive to the concerns raised in our Notice of Violation. From discussions with Messrs. J. Fluehr, Supervisor Operations and Technical Training and J. Tesarek, Nuclear Training Engineer on August 9, 1988, we understand that the training department will verify attendance at required training at the end of each rotation. We will review the implementation of your corrective actions during a future inspection to determine that full compliance has been achieved and will be maintained.

Sincerely,
