Dear Dr. Israel:

Re: Fin A-3366

Enclosed is a camera-ready copy of the GESSAR Internal Events report. This completes Task 12 of the GESSAR-II Review project.

Per the conversation between you and K. Shiu on April 22, we have included in the front of the report a sheet noting the proprietary nature of the information contained in the report. It is understood that the NRC will examine the report and they will decide in what form the final report will be released.

Sincerely yours,

Robert Youngblood  
Risk Evaluation Group
