BECo Letter # 88-076

U.S. Nuclear Regulatory Commission  
Attn: Document Control Desk  
Washington, D.C. 20555

Docket No. 50-293  
License No. DPR-35

Dear Sir:

This letter provides additional information regarding the Pilgrim Nuclear Power Station Restart Plan requested by Mr. R. Blough during a telephone conversation with Mr. R. Ledgett on May 4, 1988.

The current status of the "Performance Excellence Indicators" is provided as Attachment 1. The "Final Report of Management Self-Assessment of Readiness to Restart", scheduled for submittal by May 16, 1988, will also include a current status of the "Performance Excellence Indicators".

The current organization chart is provided as Attachment 2.

A discussion of the changes since the Restart Plan was issued, including how the functions of the Planning and Restart Organization responsibilities are accomplished in the current organization will be provided in the "Final Report of Management Self-Assessment of Readiness to Restart".

Please contact me directly if there are any questions regarding this letter.

  
R.G. Bird
