Dear Dr. Nicholas:

As discussed in our conversation October 15, 1985, concerning our monitoring report, I am amending the data summary for July 1, 1984 - December 31, 1984 to include the shoreline sediment sample. The enclosed page replaces page 5 of the report you received in March.

Any comments or questions concerning this data can be directed to me at the Kansas Department of Health and Environment, (913) 862-9360, extension 286.

Sincerely,

Susan T. Masih
