Guards.

Dear Bruce

Attached you will find a copy of two letters that I have received from Burns Security's Labor Relations Manager, Mr. G. Thomas, in which he requests a "sanitized" copy of all reports on the Braidwood Inattentive Guard issue.

As I understand Mr. Thomas did discuss this request with you at the Enforcement Conference and it was his belief that the NRC would comply with this request. In pursuing this request I contacted Mr. T. Mededa (USNRC-Safeguard Inspector) who suggested that I formally request this information from you in writing.

Your assistance on providing me with this information for Burn's will be appreciated.

Yours Truly

Dear Barry:

BURNS BRAIDWOOD EMPLOYEES - McGRAW AND LAWLESS

This has reference to the above matter. Specifically, the Union has requested copies of the reports "by NRC employee who made the original charge" in this matter. I have enclosed copies of the Union's request for information.

In a previous discussion with Bruce Berson of the NRC relative to the production of this material, he advised that upon request from Commonwealth Edison the NRC would "sanitize" these reports of any safeguards information.

Any assistance you can give in producing this report(s) will be greatly appreciated.

Very truly yours,

BURNS INTERNATIONAL SECURITY SERVICES
