Gentlemen:

This letter is written to close LER 87-02 (Reference 4). There has been considerable correspondence between us on this subject. Hence, we have concluded it would be redundant to issue a supplement to the LER.

Currently, we are awaiting the results of your review of several analyses and other information transmitted to you in several of the referenced letters. We anticipate that with this information you will conclude that no further actions need to be taken on our part.

We appreciate your attention to this matter.

Very truly yours,

Michael J. Gahan, III
