Revised Typed Bases Page for License Amendment Request No. 235**

This letter forwards a revised typed, technical specification Bases page for issuance of a license amendment in response to License Amendment Request No. 235. This page has been revised, in response to a discussion with the NRC Senior Project Manager, by replacing specific primary-to-secondary leakage values with reference to the UFSAR. This will avoid inconsistencies between the UFSAR and the technical specification Bases.

If you have any questions regarding the attached information, please contact Mr. S. H. Hobbs at (412) 393-5203.

Sincerely,

Sushil C. Jain
