ORDER*
(Remanded Issue)

In light of ALAB-891 (April 25, 1988), the parties are directed to provide their views as to how this Board should proceed with the remanded issue regarding the environmental qualification of RG-58 coaxial cable. In particular, the parties shall take into consideration the two questions enumerated in ALAB-891 (at 23-24).

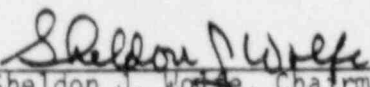

* Due to an error in internal mail handling, the original Order dated April 26, 1988 was served only upon the NRC Staff. The instant Order replaces the April 26 Order, a copy of which is attached. Obviously, having responded to the original Order on May 6, 1988, the Staff need not respond to the instant Order.
