Michael S. Dukakis  
Governor

Charles V. Barry  
Secretary

February 5, 1988

Ms. Marie Miller  
Regional Liaison Officer  
N.R.C. Region One  
475 Allendale Road  
King Of Prussia, Pa. 19406

Dear Marie:

This is to confirm our earlier discussions about an informational meeting to take place in Boston, Mass. on Tuesday, February 9, 1988 between NRC Region One staff and representatives of local and state government and certain residents living in the area of the Pilgrim nuclear power plant.

I have scheduled three separate sessions for Tuesday. The first segment will run from 11:00 a.m. to 12:00 noon. This will be attended by selectmen from EP2 towns, local civil defense directors and any other local officials that selectmen may invite (e.g., chairman of a nuclear planning committee, chairman of the board of health etc.). We will break for lunch from 12:00 noon to 12:30. During the second segment, from 12:30 to 1:30, we will meet with state officials including representatives from the Attorney General's office, from the Governor's office, from the Energy Office and the State Office of Handicapped Affairs as well as state legislators. Finally, during the third segment from 2:00 to 3:00 p.m. we will meet with some Pilgrim area residents including Mary Ott, Mary Dinan, Janice Nickerson, Ann Waikus-Arnold, and Dr. Don Muirhead. I will advise you of any other additions as soon as I receive the information.

The agenda for these three segments is the same. The purpose is to enable NRC staff to explain the process you will be following from this point to the point when a recommendation is made to the NRC Commission regarding restart of the plant. I also hope that you will answer questions about the process and the opportunities for state, and local officials and residents to express their views and voice their objections.

I will chair the meeting for Secretary Barry and will advise the participants that this meeting is not an occasion for a general discussion

LETTER TO MARIE MILLER RE: MEETING ON 2/9/88  
PAGE TWO

or dialogue about the merits or demerits of restart and that you are not submitting to specific questions about specific complaints or problems. However, it is my intention to facilitate the presentation of any such questions or concerns to NRC Region One for your later response. Thus, if someone does have a question or complaint, I trust you will agree that if it presented properly i.e., in writing if that is necessary, you will take it back to the Region to enable a proper response to be formulated.

Thank you again for your cooperation in assisting me to arrange for this meeting.

Sincerely,

Peter W. Agnes, Jr.  
Assistant Secretary
