SUBJECT

EDO-003673 REQUEST TO LICENSE SEABROOK FOR TEN MONTHS OF THE YEAR

SUMMARY

Telephone call was made in response to incoming letter dated 4/8/88.

Victor Nerses (Project Manager for Seabrook) told Mr. Eustis that we agree a decision has to be made on Seabrook. Provided him the status of things and explained the Commission's proposed rulemaking, that states you don't need an alert & notification system for 5% power. If this becomes a rule, it eliminates a barrier to the 5% license. He thanked me for calling him and wanted to know if there was anything he could do to help. Told him the process has to take its course in the courts.
