Mr. Edward A. Thomas, Chief  
Natural and Technological Hazards Division  
Federal Emergency Management Agency  
John W. McCormack Post Office and Court House  
Boston, Massachusetts 02109

Dear Mr. Thomas:

Enclosed is a copy of the Pilgrim Nuclear Power Station Evacuation Time Estimate and Traffic Management Plan. This document was produced for the Boston Edison Company by KLD Associates.

We are presently in the process of reviewing the ETE and Traffic Management Plan with local officials. Therefore, I cannot comment yet on whether the clear times can be achieved or if the traffic management recommendations can be implemented effectively. However, I would welcome comments from the Federal Emergency Management Agency on these issues.

Thank you for your cooperation with this important matter.

Sincerely,

  
Robert J. Boulay  
Director
