Dear Chairman Zech:

Please find enclosed a letter from my constituent, Meg Easling of Ojai, California, regarding her concern with announced plans to build a nuclear power plant between Oxnard and Malibu.

I would appreciate your review of this matter and I look forward to any comments you may have at your earliest possible convenience.

With best regards,

Sincerely,

Robert Lagomarsino,

I heard on the evening news  
a few nights ago that  
there are plans to build  
a nuclear power plant  
between Oxnard and  
Malibu. This is unthinkable.

NO NO NO

Please look into this.  
It must not be allowed  
to happen. It is barbaric  
to put economic gain before  
the good of the people.

2.

They are emphasizing  
that it will also be  
used to convert sea water  
to fresh water. Our  
water problems can be  
solved by conservation  
and solar power (though  
less profitably).

Sincerely,  
Meg Easling
