INSIDE MAIL

Dear Chairman Udall:

Following is a list of questions I would like to submit for the hearing record of April 26, 1988 on bills to reform the Nuclear Regulatory Commission. I would appreciate your assistance in obtaining responses from Chairman Lando W. Zech, Jr. on all four questions and from all of the Commissioners on questions 1 and 4.

- 1) Are you aware of a statement that the NRC's top safety officer Victor Stello made to FEMA in January of this year that the NRC would "wage total war on FEMA" unless it withdrew its opposition to the emergency evacuation plan for the Seabrook Nuclear Power Plant?
- 2) What meetings did the NRC staff hold with officials of FEMA in January, 1988 concerning the Seabrook evacuation plan and FEMA's testimony in the New Hampshire hearings?
- 3) Has the NRC had any meetings with the owners of the Seabrook Nuclear Power Plant that is not a part of the public record?
- 4) There is a letter that an attorney with Connor and Wetterhahn wrote to Gulf States Utilities Company of Beaumont, Texas that states that he talked with NRC Commissioner Fred Bernthal and was able to change his vote. Are you familiar with such a letter, and, if so, what vote is he referring to and what relationship did it have with Gulf States Utilities?

Thank you.

Sincerely,

Nicholas Mavroules  
Member of Congress
