Units 1 and 2  
Application for an Operating License

Projected Schedule for Issuance  
of NRC Staff's SSER's

CASE would appreciate the NRC Staff's advising at your earliest opportunity the projected schedule for issuance of the Staff's SSER's (or whatever other documents may be used) regarding each of the remaining Project Status Reports (PSR's), including the Collective Evaluation Report and the Collective Significance Report. We understand that this may not be a schedule which contains absolutely firm dates, but we would like to know your ballpark estimates.

We need this information as quickly as possible in order to make informed decisions regarding some matters which will be discussed at the upcoming Prehearing Conference currently scheduled for June 1.

Thanks much.

Sincerely,

CASE (Citizens Association for Sound  
Energy)
