Mr. Corbin A. McNeill, Jr., Vice President-Nuclear
Public Service Electric & Gas Company
Nuclear Administration Building
P.O. Box 236
Hancocks Bridge, New Jersey 08038

Dear Mr. McNeill:

Subject: Hope Creek - Offsite Dose Calculation Manual (ODCM)

By letter dated January 31, 1986 (McNeill, PSE&G to E. Adensam, NRC), you submitted the Hope Creek ODCM, Revision 2 for staff review and approval. Hope Creek Technical Specification 6.14.1 requires that the ODCM be approved prior to its implementation.

We have reviewed your submittal and find that the ODCM uses documented and approved methods that are consistent with the methodology and guidelines contained in NUREG-0133, "Preparation of Radiological Effluent Technical Specifications for Nuclear Power Plant." Accordingly, the Hope Creek ODCM, Revision 2 is an acceptable reference document and is approved for implementation. In addition, Technical Specification 6.14.1 is satisfied.

If you have any questions, do not hesitate to call us.

Sincerely,

Elinor G. Adensam

Elinor G. Adensam, Director
