Docket No. 50-443

Mr. Robert J. Harrison
President & Chief Executive Officer
Public Service Company of New Hampshire
Post Office Box 330
Manchester, New Hampshire 03105

Dear Mr. Harrison:

Subject: EXEMPTION FROM CERTAIN REQUIREMENTS OF 10 CFR 50.43(w)
SEABROOK STATION (TAC #66469)

The Commission has issued the enclosed exemption from certain requirements of 10 CFR 50.54(w). The exemption was from the requirement to increase the amount of required property insurance from \$620 million to \$1.06 billion until Seabrook Station receives an operating license which allows the reactor to go critical or operate at any power level. This exemption is in response to your application of October 1, 1987 which was supplemented by additional information submitted on February 29, 1988.

Based on the staff's evaluation contained in the exemption, the Commission has granted your exemption request pursuant to 10 CFR Part 50.12. The exemption is being forwarded to the Office of the Federal Register for publication. This completes our action related to the above-referenced TAC number.

Sincerely,

Victor Nerses, Project Manager
Project Directorate I-3
Division of Reactor Projects I/II
