

MK-FERGUSON COMPANY
A MORRISON KNUDSEN COMPANY

LAKEVIEW, OREGON
HEALTH PHYSICS
MONITORING PLAN

POLICY

In order to reduce the costs associated with document revisions and document preparation, the RAC will normally not revise this plan, once approved. Therefore, where differences occur between the guidance found in this plan and the methodology described in the RAC H.P. Procedures, the latter shall govern operations on site. The H.P. Procedures are routinely updated as the UMTRA Project progresses.
