Docket No. 50-341

Mr. Frank E. Agosti
Vice President
Nuclear Operations
The Detroit Edison Company
6400 North Dixie Highway
Newport, Michigan 48166

Dear Mr. Agosti:

This is to acknowledge receipt of your letter dated February 6, 1986, which transmitted changes, identified as Revision 8, to the "Fermi 2 Physical Security Plan," under the provisions of 10 CFR 50.54(p).

We have reviewed the submitted changes and have determined that, except for those items identified in the enclosure, they are consistent with the provisions of 10 CFR 50.54(p) and do not decrease the effectiveness of the plan. These changes are, therefore, acceptable.

For those items identified as being unacceptable under the provisions of 10 CFR 50.54(p), the previously approved plan revisions must be followed. Should you want to pursue changing the plan under the provisions of 10 CFR 50.54(p), you must resubmit the changes modified to address our comments. In those instances where you desire to pursue the changes without modification, they must be resubmitted under the provisions of 10 CFR 50.90.

The reporting and/or recordkeeping requirements contained in this letter affect fewer than ten respondents; therefore, OMB clearance is not required under P. L. 95-511.

The enclosures to your letter contain Safeguards Information of a type specified in 10 CFR 73.21 and are being withheld from public disclosure.

The enclosure to this letter also contains Safeguards Information and should be protected against unauthorized disclosure.

Sincerely,

Original Signed by
