FROM: D. F. Kirsch, Director  
 Division of Reactor Safety and Projects

SUBJECT: CHANGE IN WNP-2 SALP BOARD MEETING DATE

My memorandum dated January 9, 1986 appointed the members of the WNP-2 SALP Board and established a board meeting date of March 12, 1986 in the Region V Office. Since that time, Al Toth has been reassigned and will be attending a Babcock and Wilcox training course on March 3 - 15 in Chattanooga. Because of the importance of his presence at this course and at the WNP-2 SALP Board meeting, the board meeting has been rescheduled to 8:30 a.m. on March 19, 1986, still in the Region V Office.

This rescheduled board meeting date represents a deviation from Region V Instruction 0701, which states that the SALP Board is to convene within 45 days of the end of the SALP period. This deviation is considered to be in the best interest of the SALP process for the reason stated above.
