MEMORANDUM FOR: Richard W. Krimm
 Assistant Associate Director
 Office of Natural and Technological Hazards
 Federal Emergency Management Agency

FROM: Frank J. Congel, Director
 Division of Radiation Protection
 and Emergency Preparedness
 Office of Nuclear Reactor Regulation

SUBJECT: FEMA SUPPORT FOR NRC LICENSING OF
 SHOREHAM NUCLEAR POWER STATION

50-322

Long Island Lighting Company (LILCO) has submitted Revision 10 of the offsite plan for Shoreham Nuclear Power Station (SNPS) for review. The plan, "SNPS Local Offsite Radiological Emergency Response Plan," Revision 10, has been provided to you separately.

In a memorandum from F. J. Congel to R. W. Krimm dated January 27, 1988, we requested that FEMA review Revision 9 of the Shoreham plan. In that memorandum, we specified the criteria and assumptions to be used in the evaluation of the plan. In accordance with the April 9, 1985 NRC/FEMA Memorandum of Understanding, we request that FEMA provide findings on whether Revision 10 of the Shoreham plan meets the criteria described in the January 27 memorandum. It is our understanding, based on previous discussions between our staffs, that FEMA will evaluate the full participation exercise scheduled for June 7-9, 1988 against Revision 10.

Based on discussions between our staffs we understand that FEMA will provide its findings on Revision 10 by July 29, 1988.

If you have any questions, please call me at 492-1083.
