Dear Sir:

Three Mile Island Nuclear Station, Unit 1 (TMI-1)
 Operating License No. DPR-50
 Docket No. 50-289
 Certification of TMI-1 Licensed Operator Training Program

GPUN herein certifies that the TMI-1 Licensed Operator Training Program has been developed using a systematic approach to training and is accredited by the National Nuclear Accrediting Board. This certification is made in accordance with the requirements of 10 CFR 55.59 (c).

As discussed in an April 20, 1987 NRC meeting to explain changes to 10 CFR 55-Operator's Licenses, implementation of a Licensed Operator Requalification Program can be done based on the above certification. Therefore GPUN intends to implement TMI-1 Licensed Operator Requalification Training Program - (number 7811-PGD-2613) Rev 5 effective June 1, 1988. A copy of this program is attached.

Sincerely,

H. D. Huxill
 Vice President & Director, TMI-1
