MOTION FOR EXTENSION OF TIME
TO FILE JOINT STATUS REPORT

Now come the Northeast Ohio Regional Sewer District ("NEORSRD") and the City of Cleveland ("City"), with the concurrence of the Local Emergency Planning Committee ("LEPC") and the Earthday Coalition, and hereby move this Honorable Court, in the interest of judicial economy, for an extension of time until December 1, 1998 to file a Joint Status Report in the within matter. By that time the parties will know whether this matter has become moot or whether all previously-identified issues remain to be resolved.

Pursuant to the September 8, 1998 Order of Administrative Judge B. Paul Cotter, Jr., Presiding Officer, a Joint Status Report concerning the above-captioned matter was to be prepared

and filed on or before October 15, 1998. Since the issuance of that Order, however, the Nuclear Regulatory Commission ("NRC") Staff issued a memorandum indicating that it has determined to deny the Advanced Medical Systems, Inc. ("AMS") application to renew its NRC license. According to the Staff determination, AMS has until October 19, 1998 to request a hearing. If no hearing is requested, the Staff determination does not become a final determination until November 17, 1998.

Accordingly, since the actual status of the AMS license will not be resolved by the present Joint Status Report deadline, the NEORSD and the City, with the concurrence of the LEPC and the Earthday Coalition, hereby request an extension of time to prepare a Joint Status Report to December 1, 1998, a date two (2) weeks after the NRC Staff decision may become a final order. The NRC Staff does not object to the within Motion for Extension of Time to File Joint Status Report.

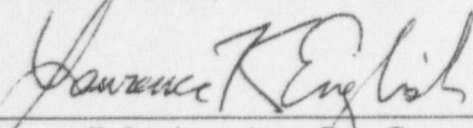

Respectfully submitted,
